Group Covenant

As a small group member I agree to do the following:

1. Come prepared to participate in studies by completing homework assignments to the best of my ability.
2. Be faithful in attendance as much as possible.
3. Participate in group discussions in a manner that brings honor to God and to other group members.
4. Encourage others as they seek and use their God-given gifts. Respect the opinions of others as fellow lifelong learners.
5. Give opportunity for all group members to participate. Keep comments short and to the point.
6. Stay focused on the planned lessons. Avoid veering off into other topics not related to the lessons.
7. Keep personal matters shared within the group setting confidential.
8. Recognize that my conclusions at the end of this study might not necessarily be the same as those of other group members.
